ANNOUNCEMENT

Rwanda Social Security Board hereby informs employers and employees that effective from July 2019, registration of new employees is done through internet on RSSB website www.rssb.rw. This is done using ID number of the employee to be registered, whereby upon registration using the ID, the employer confirms the employee identification and then the employee is given an RSSB registration number which will be used in the declaration of contributions.

The same website is also used by employers who wish to know the registration numbers of employees who are already registered with RSSB. This is done by putting in the system the employee's ID number without further consulting RSSB.

RSSB further requests employers to always retain copies of employees' IDs so that they can use them while registering employees or checking for RSSB registration numbers of those who are already registered.

RSSB further reminds all employers that it is their responsibility to contribute for employees, irrespective of the nature of the contract, and in accordance with the law.
