

The New Times

RSSB intensifies campaign to raise health insurance subscription uptake

According to the article published by The New Times of 11th June, 2016, the Ministry of Local Government and Rwanda Social Security Board (RSSB) resolve to embark on door to door campaign to reach 100% community based health insurance (CBHI) subscription for the next fiscal year of Mutuelle de santé starting from 1st July, 2016. This was revealed by the RSSB's Deputy Director General in Charge of Benefits Dr. HAKIBA Solange together with Hassan BAHAME Director General for Community Development and Social Affairs in the Ministry of Local Government during a press conference held at RSSB Headquarters Friday 5th June, 2016.

Both institutions believe that a strong-willed public awareness campaign will increase the number of affiliates to Mutuelle de santé but also will help Rwandans understand the importance of health insurance and increase voluntary subscription.

The Director General in Minaloc BAHAME Hassan called upon local leaders to sensitize their communities through house to house mobilization and ensure all citizens pay their premiums and so on time. He also requested different religious leaders to preach to their congregations the need for improved healthcare.

The Rwanda Focus

RSSB advises general public to register for CBHI/2016-17 on time

In its article published on the 10th June, 2016, The Rwanda Focus stated that while the 2015/2016 CBHI year will be closed on 25th June, 2016, RSSB urges the population to start paying their 2016/17 CBHI contribution not later than 30th June, 2016 to enable them getting health services for the next fiscal year starting 1st July, 2016. The call was made on Friday, 10th 2016 during a press conference organized by RSSB at its headquarters.

According to the Deputy Director General in charge of benefits, Dr. Hakiba Itulinde Solange, the population can start paying their contribution as the new ubudehe categories were released and they all know which category they belong to. Although RSSB is glad to have managed to raise the CBHI coverage rate from 76% for the fiscal year 2014/2015 up to 81.6 % for the year 2015/2016, RSSB aims to increase the subscription rate to 100% through a strong mobilization campaign that will use different channels said Deogratias Ntigurirwa the Acting Director of CBHI Mobilization and Registration Division. The article ends highlighting this ending year performance, Kicukiro district coming with the highest rate of 93.4 % and Rubavu District the last with 69.5%.
